

# Chasing The World

Tide Lines

You and me drinking alone on a Saturday night  
Watching you smile on your own in the vanity light  
I can tell by the look in your eyes  
That you're lost in your beautiful life, in your beautiful life

You make me feel like you're chasing the world  
And some miracle's gonna give it all to you  
Gonna give it all to you  
Gonna give it all to you

Walking out into the fray as they strike up the band  
You could be making your name anywhere in the land  
When you look at yourself in the glass  
Do you still know the one looking back, the one looking back?

You make me feel like you're chasing the world  
And some miracle's gonna give it all to you  
Gonna give it all to you  
Gonna give it all to you  
You make me feel like you're chasing the world  
And some miracle's gonna give it all to you  
Gonna give it all to you  
Gonna give it all to you

Echoes of distant applause and the audience cheer  
Faintly for you as you sing to the mirror's veneer  
For a moment you're miles from here  
Singing out to whoever can hear, whoever can hear

You make me feel like you're chasing the world  
And some miracle's gonna give it all to you  
Gonna give it all to you  
Gonna give it all to you  
You make me feel like you're chasing the world  
And some miracle's gonna give it all to you  
Gonna give it all to you  
Gonna give it all to you
