

# Midnight Sun

Tide Lines

3-4

I've got lightning in my hat, thunder in my shoes  
I've got a hundred thousand options that I'm prepared to lose  
I wish these fields would take me to a place I've never been  
Somewhere to fall in love with and never leave again

Where you can shine like the midnight sun  
Where you can dance till the morning comes  
And have memories to treasure  
When the ocean calls us home  
So shine, let love fill your life  
And warm you inside at night  
Oh I, oh I, oh I

No matter where you go, no matter what you do  
You never can find true love, oh true love it finds you

Where you can shine like the midnight sun  
Where you can dance till the morning comes  
And have memories to treasure  
When the ocean calls us home  
So shine, let love fill your life  
And warm you inside at night  
Oh I, oh I, oh I

Oh I, oh I, oh I

I can shine like the midnight sun  
Where you can dance till the morning comes  
And have memories to treasure  
When the ocean calls us home  
Where you can shine like the midnight sun  
Where you can dance till the morning comes  
And we'll have memories to treasure  
When the ocean calls us home
