

These Days

Tide Lines

There was always a look in your eye
As we passed the evening by
Where the streets fell in love with the night
And the neon glowing

Oh-oh-oh-oh-oh
And the neon glowing
Oh-oh-oh-oh-oh
And I said to you

Darling, we're gonna miss these days
Oh, we're gonna miss these days
Nights made for runaways
Oh, we're gonna miss these days

Sit back and surrender your plans
Light the candles on the stand
Black dress in the window
You looked like a Vetttriano
Cold reality withdrew
Immersed in thoughts of you
Two glasses of wine
On the lid of a grand piano

Oh-oh-oh-oh-oh
Like a Vetttriano
Oh-oh-oh-oh-oh
And I said to you

Darling, we're gonna miss these days
Oh, we're gonna miss these days
Nights made for runaways
Oh, we're gonna miss these days
Darling, we're gonna miss these days
Oh, we're gonna miss these days
Nights made for runaways
Oh, we're gonna miss these days

Every corner the wind blows from east to west
I know that virtue
Will find beauty in our tears
Somewhere

Darling, we're gonna miss these days
Oh, we're gonna miss these days
Nights made for runaways
Oh, we're gonna miss these days
Darling, we're gonna miss these days
Oh, we're gonna miss these days
Nights made for runaways
Oh, we're gonna miss these days
Darling, we're gonna miss these days
Oh, we're gonna miss these days
Nights made for runaways
Oh, we're gonna miss these days
Darling, we're gonna miss these days
Oh, we're gonna miss these days

Nights made for runaways
Oh, we're gonna miss these days

Oh, we're gonna miss these days
Oh, we're gonna miss these days
