

## New Futures

Tides of Man

Get out of my head  
Out of my head  
Out of my head

Haven't been awake in years  
Afraid of all my future fears  
Haven't been awake in years  
Afraid of all my future fears

Get out of my head  
Out of my head  
Out of my head  
Get out of my head  
Out of my head  
Get out of my head

Haven't been awake in years  
Afraid of all my future fears  
Haven't been awake in years  
Still around, but nowhere near

Drown it out and laugh it off  
Break it down and take it all back  
Still around, but nowhere near

Get out of my head  
Out of my head  
Out of my head  
Get out of my head  
Out of my head  
Get out of my head  
Get out of my head  
Out of my head
