

# ACCESSIBLE

Tierra Whack

Yeah, yeah  
Yeah, yeah

You're way too accessible  
And that's not acceptable  
So I'm gonna have to let you go  
You're just too  
You're way too accessible  
And that's not acceptable  
So I'm gonna have to let you go

My time is precious  
I keep 'em guessing  
Seems to me like you be lost  
You need direction  
You should listen to a boss  
To see progression  
What's the reason?  
What's the 'cause of your obsession?

Yeah, I got your message  
But I ain't respond  
I ain't ever too pressed  
I'm too blessed, I'm a Don  
Every time you out, you go above and beyond  
Bending over backwards for them nigga, they ain't even tied  
You gotta chill and just be real  
Yeah

You're way too accessible  
And that's not acceptable  
So I'm gonna have to let you go  
You're just too  
You're way too accessible  
And that's not acceptable  
So I'm gonna have to let you go

You gotta chill  
And just be real  
Them other chicks been getting feels  
They should know the drill  
But you let that shit go on and you play me still  
A real nigga should know how to make a lady feel

Yeah, I got your message  
But I ain't respond  
I ain't ever too pressed  
I'm too blessed, I'm a Don  
Every time you out, you go above and beyond  
Bending over backwards for them nigga, they ain't even tied  
You gotta chill and just be real  
Yeah

You're way too accessible  
And that's not acceptable  
So I'm gonna have to let you go  
You're way too accessible

And that's not acceptable  
So I'm gonna have to let you go

No, I won't stand just for you  
No, I won't stand up  
No, I won't stand just for you  
No, I won't stand up
