When I'm around you, I'm not satisfied
You got the job but you're not qualified
Find someone better, oh, maybe, I might
Find someone better, ooh baby, I might
Yeah, just wait and see

You're not what I thought, I don't like to think
You can ask Justin Timberlake, we not *NSYNC
Just like a website, he beggin' to link
I went to his house and sofa was stink
Furreal like a mink, furreal like a-
I keep the iron like zinc
Disappointed by your attitude
Incompatible and dramatic too
Talk a good game but you never was stunna
He hoping I stick around like a drummer
It must be a bummer
I think that we should separate from each other
It's been like 3 months and I cannot go further
Yeah, praying you don't use my number
Praying that you lose my number
Baby, I refuse, I'm done done

When I'm around you, I'm not satisfied
You got the job but you're not qualified
Find someone better, oh, maybe, I might
Find someone better, ooh baby, I might
Just wait and see

You're not who I thought, it's over, we're through
Sick and tired, got the flu
Out with the old, in with the new
I won't give a clue, I'm just pointing at you
The rumors I heard ended up being true
Let the tea brew, keep at the zoo
Now I see clear that you're missing a screw
It's really no telling the things you may do
Can't believe I even gave you a chance
So many others who wanted my-
I settled, that's what I get for being nice
My free time is always gon' come with a price
Toss me in rice, I'm rolling the dice
I'm cutting you off with a really sharp knife
Praying you don't use my number
Praying that you lose my number

When I'm around you, I'm not satisfied
You got the job but you're not qualified
Find someone better, oh, maybe, I might
Find someone better, ooh baby, I might
Just wait and see
