

All Nighter

Tiësto

It's an all-nighter, baby
Stayin' all night up, no sleep
It's about to get crazy
Twenty-four-hour party
It's an all-nighter, baby
Stayin' all night up, no sleep
It's about to get crazy
Twenty-four-hour party

Clock strike one up on the roof
Clock strike two and bust a move
Feel so high, I'm never comin' down
Tell my friends, don't, don't be late
Let's go hard, let's levitate
Feels so good, this time we're stayin' out

It's an all-nighter, baby
Stayin' all night up, no sleep
It's about to get crazy
Twenty-four-hour party
It's an all-nighter, let's go
Baby what's good for my soul
It's about to get crazy
It's an all-nighter, nighter, it's an all-nighter

It's an all-nighter
It's an all-nighter
Twenty-four-hour
It's an all-nighter
It's an all-nighter
It's an all-nighter
Twenty-four-hour
It's an all-nighter

Ooh, yeah, I don't wanna wake up to the moon, na-na
Ooh, yeah, got a bag full of money, gonna spend it, ah
Ooh, yeah, wanna dance 'til the morning, wanna see that light
See that light, get down

Clock strike one up on the roof
Clock strike two and bust a move
Feel so high, I'm never comin' down
Tell my friends, don't, don't be late
Let's go hard, let's levitate
Feels so good, this time we're stayin' out

It's an all-nighter, baby
Stayin' all night up, no sleep
It's about to get crazy
Twenty-four-hour party
It's an all-nighter, let's go
Baby what's good for my soul
It's about to get crazy
It's an all-nighter, nighter, it's an all-nighter

It's an all-nighter
It's an all-nighter

Twenty-four-hour
It's an all-nighter
It's an all-nighter
It's an all-nighter
Twenty-four-hour
It's an all-nighter
