

Bullet In The Gun

Tiësto

There's a bullet in the gun
There's a fire in your heart
You will move all mountains that stand in your path
Till the end of our time
I'll be by your side
Always dream that I'm yours and I'll dream your mine
Dream your mine

Fight fire, With fire
Fight fire, With fire
Fight fire, With fire
Fight fire, With fire
Fight enemies with love

There's a bullet in the gun
There's a fire in your heart
Always dream that I'm yours and I'll dream your mine
There's a bullet in the gun
