

# Harder

Tiësto

Hansdi-Vasdi Maahi Ve  
Lagiyaan Ne Jaaniyaan

Come meet me by the sun  
I don't know what you have to lose  
Hold me close when you go  
Bring your love, Bring your love

Keep on spinning and spinning and spinning  
In your orbit  
Going deeper and deeper and deeper  
I'm still falling  
I keep hearing and hearing and hearing  
The night calling  
Going deeper and deeper

Harder all night long  
Give up out a go  
Harder all night long  
Time to do it  
Harder all night long  
Give up out a go  
Harder all night long  
Can we do it?

Ho Desdiyaan Aaundiyaan  
Lagiyaan Ne Jaaniyaan  
Desdiyaan Aaundiyaan  
Lagiyaan Ne Jaaniyaan

Paint your heart in my hands  
Cope my skin with your sin  
Calm this storm in my head  
With your love, with your love

Keep on spinning and spinning and spinning  
In your orbit  
Going deeper and deeper and deeper  
And still falling  
I keep hearing and hearing and hearing  
The night calling  
Going deeper and deeper

Harder all night long  
Give up out a go  
Harder all night long  
Time to do it  
Harder all night long  
Give up out a go  
Harder all night long  
Can we do it?  
(Can we do it?)

Ho Desdiyaan Aaundiyaan  
Lagiyaan Ne Jaaniyaan  
Desdiyaan Aaundiyaan  
Lagiyaan Ne Jaaniyaan

Harder all night long  
Give up out a go  
Harder all night long  
Time to do it  
Harder all night long  
Give up out a go  
Harder all night long  
Can we do it?
