

Learn 2 Love

Tiësto

I just wanna learn how to love again
How to love again
I just wanna learn
I just wanna learn
'Cause it's been a while
And you're gettin' over me
And I just wanna learn how to love again
I just wanna learn how to love again
How to love again
I just wanna learn
I just wanna learn
'Cause it's been a while
And you're gettin' over me
And I just wanna learn how to love again

I just wanna learn how to love again
How to love again
I just wanna learn
I just wanna learn
'Cause it's been a while
And you're gettin' over me
And I just wanna learn how to love again
I just wanna learn how to love again
How to love again
I just wanna learn
I just wanna learn
'Cause it's been a while
And you're gettin' over me
And I just wanna learn how to love again

Love again, love again
Love again, love again
Love again, love again
I just wanna learn how to love again
Love again, love again
Love again, love again
Love again, love again
I just wanna learn how to love again

Do you remember those days when we were young?
So young
Do you remember the way you used to feel?
Now you're gone

I just wanna learn
Love again
I just wanna learn
I just wanna learn how to love again
Love again, love again
Love again, love again
Love again, love again
I just wanna learn how to love again

I just wanna learn how to love again
How to love again
I just wanna learn
I just wanna learn

'Cause it's been a while
And you're gettin' over me
And I just wanna learn how to love again
I just wanna learn how to love again
How to love again
I just wanna learn
I just wanna learn
'Cause it's been a while
And you're gettin' over me
And I just wanna learn how to love again
I just wanna learn how to love again
How to love again
I just wanna learn
I just wanna learn
'Cause it's been a while
And you're gettin' over me
And I just wanna learn how to love again
I just wanna learn how to love again
How to love again
I just wanna learn
I just wanna learn
'Cause it's been a while
And you're gettin' over me
And I just wanna learn how to love again
