

Nothing Really Matters

Tiësto

Na, na, na, na, na
Na, na, na, na, na

Out on the rocks
We're on the edge of something
I wanna dive in when you look at me
Close to your touch
But not enough to feel it
You got my heart singing a symphony

They say don't mix friends with feelings
So we try our best to hide it
Why should we sit back and pretend?
'Cause I don't wanna fight it

If the sky was falling down around us
Then would we give it our all?
If tonight was all we had together
Let's love each other like nothing really matters now

Na, na, na, na, na
Na, na, na, na, nothing matters
Na, na, na, na, na
Na, na, na, na, nothing matters

I know the risk
And we could end up strangers
But I'd take the consequences any day

We shouldn't mix friends with feelings
But I don't wanna fight it
Why should we sit back and pretend
When it just might be the right thing?

If the sky was falling down around us
Then would we give it our all?
If tonight was all we had together
Let's love each other like nothing really matters

We'll take our chances
We'll make mistakes
I'm done with waiting
Hell, I've been dazed
Tonight is all we have together
Let's love each other like nothing really matters

Na, na, na, na, na
Na, na, na, na, nothing matters
Na, na, na, na, na
Na, na, na, na, nothing matters

Na, na, na, na, na
Na, na, na, na (Nothing matters)
Na, na, na, na, na
Na, na, na, na (Nothing matters)
