

Parachute

Tiěsto

Skyscrapers, cars racing
No limit to the fear I'd endure
Hearts pacing, pulse raging
The only thing that scares me is you

I feel it at night when I gaze in your eyes
Know my love's outta control
'Cause I realize I'd fall from the sky for you
Without a parachute

I'd fall without a parachute
I'd fall without a parachute
I'd fall without a parachute
I'd fall without a parachute

I'd fall without a parachute

Skyscrapers, cars racing
No limit to the fear I'd endure
Hearts pacing, pulse raging
The only thing that scares me is you

I feel it at night when I gaze in your eyes
Know my love's outta control
'Cause I realize I'd fall from the sky for you
Without a parachute

I'd fall without a parachute
I'd fall without a parachute
I'd fall without a parachute
I'd fall without a parachute
I'd fall without a parachute
I'd fall without a parachute
I'd fall without a parachute
I'd fall without a parachute

I'd fall without a parachute

I'd fall without a parachute
I'd fall without a parachute
