Secrets

Tiësto

Oh, won't you stay for awhile?
I'll take you on a ride if you can keep a secret?
Oh, won't you stay for awhile?
Show me darkness, baby, show me deepness

Oh won't you stay for awhile?
I'll take you on a ride if you can keep a secret

Stay awhile, stay awhile
And I'm a make it worth your while, worth your while
Stay awhile, stay awhile
And I'm a go the extra mile, extra mile

Boy if you wait until the lights go down
I got some some tricks that'll have you screaming out
So stay awhile, stay awhile
And I'm a make it worth your while, worth your while
Oh won't you stay for awhile?

(Oh won't you stay for awhile, for awhile?)

Oh won't you stay for awhile?
I'll take you on a ride if you can keep a secret
