

The Feeling

Tiësto

Well, you are acting up and I think you feel
Feel that your all something
You had my head choose up might just appeal
You knock it down pretend that
You've seen nothing
You've seen nothing

Wait, the hands across your face
Seem other words can't say
Your catching on to something in my eye
You see I just cant wait
I just wont let you by
You seem surprised that even see me try

When it's not that kind of love
There's an arrow through my heart
Your the one I'm dreaming of
Yes you're the one I'm dreaming of

But it's not that kind of love
There's an arrow through my heart
You're the one I'm dreaming of
Yes you're the one I'm dreaming of

You seem surprised that even see me try

When it's not that kind of love
There's an arrow through my heart
You're the one I'm dreaming of
Yes you're the one I'm dreaming of

When it's not that kind of love
There's an arrow through my heart
You're the one I'm dreaming of
Yes you're the one I'm dreaming of

Yes you're the one I'm dreaming of

All that's left for me I'm coming down
Ill take you with me we'll travel on
We can travel on this ground
And now I hear a preacher called us
I see its time to pray
Hope that I will have the faith like that one day

You seem surprised to even see me try

When it's not that kind of love
There's an arrow through my heart
You're the one I'm dreaming of
Yes you're the one I'm dreaming of

When it's not that kind of love
There's an arrow through my heart
You're the one I'm dreaming of
Yes you're the one I'm dreaming of

You're the one I'm dreaming of
Yes you're the one I'm dreaming of

You're the one I'm dreaming of
Yes you're the one I'm dreaming of
Yes you're the one I'm dreaming of
