

# Waterslides

Tiësto

I cry waterslides  
Runnin' rivers in my eyes, right  
When I think of you and I  
I don't know why  
(Why, why, why...)  
These waterslides

I cry waterslides  
Runnin' rivers in my eyes, right  
When I think of you and I  
I don't know why  
I cry every night  
Kinda makes me wanna die, but  
I just do it for the ride  
These waterslides

If I could cry it off  
I would swim to your love  
I could cry you the Nile  
'Cause you out, then you in  
You been gone with the wind  
Oh, your loving is tidal  
Baby, with just a touch, I'd be back at the start  
You got me going in spirals  
'Cause oh, baby, I  
I keep on running to you

I cry waterslides  
Runnin' rivers in my eyes, right  
When I think of you and I  
I don't know why  
I cry every night  
Kinda makes me wanna die, but  
I just do it for the ride  
These waterslides

I cry waterslides  
Runnin' rivers in my eyes, right  
When I think of you and I  
I don't know why  
I cry every night  
Kinda makes me wanna die, but  
I just do it for the ride  
These waterslides

Every time I try to get you off my mind  
I can't help it, I backslide  
Every time I try and try to dry my eyes  
I can't help it, my eyes cry  
I can't help that I love you really  
Wish I could leave but I'm caught in the feeling  
Summer just started, but it's cold in the night  
When you're not here, by my side

I cry waterslides  
Runnin' rivers in my eyes, right  
When I think of you and I

I don't know why...  
(These waterslides)
