

# The Other Half of me

Tiffany Alvord

ey, hey, hey, hey, hey, hey  
I start to talk and you already know what I'll say  
We're so insinc I know what it was meant to be  
Oh, oh you never stop impressing me  
Oh, oh 'cause I found the other half

I found the other half  
The other half of me, me, me  
Me, me, me  
Me, me, me  
Me, me  
The other half of me, me, me  
Me, me, me  
Me, me, me  
Me-e-e-e-e

Hey, hey, hey  
The other half of me  
Hey, hey, hey, hey, hey, hey

You go the distance, I know you'd run a thousand miles  
You walked through fire if you knew it'd make me smile  
Oh, oh dreams are to reality  
Oh, oh I found the other half

I found the other half  
The other half of me, me, me  
Me, me, me  
Me, me, me  
Me, me  
The other half of me, me, me  
Me, me, me  
Me, me, me  
Me-e-e-e-e

Hey, hey, hey

The grass is always greener on the other side  
Until you cross on over right into my life  
A million bucks will never be enough  
If you won the lottery

The grass is always greener on the other side  
Until you cross on over right into my life  
A million bucks will never be enough  
If you won the lottery

'Cause I found the other half  
The other half of me, me, me  
Me, me, me  
Me, me, me  
Me, me  
The other half of me, me, me  
Me, me, me  
Me, me, me  
Me-e-e-e-e

Hey, hey, hey, hey  
The other half of me
