I Think We're Alone Now

Tiffany Darwish

Children behave Thats what they say when were together And watch how you play They dont understand And so were

Running just as fast as we can Holdin on to one anothers hand Tryin to get away into the night And then you put your arms around me And we tumble to the ground And then you say

I think were alone now There doesnt seem to be anyone around I think were alone now The beating of our hearts is the only sound

Look at the way We gotta hide what were doin cause what would they say If they ever knew And so were

Running just as fast as we can Holdin on to one anothers hand Tryin to get away into the night And then you put your arms around me And we tumble to the ground And then you say

I think were alone now There doesnt seem to be anyone around I think were alone now The beating of our hearts is the only sound
