

# Peppermint

Tiffany Young

You give me chills like a snowflake  
Make me feel good on my worst day

Sweet and cool  
Like a peppermint  
Wake me up  
Like it's Christmas Day

Ain't no one like  
□□□  
I got all your presents  
Cross them off your checklist  
'Tis the season  
Bring you joy

Red, green, red, green  
You've been waiting to unwrap me, wrap me  
In you arms is where I'm happy, happy  
Underneath these lights  
So red, green, red, green

Red, green, red, green  
You've been waiting to unwrap me, wrap me  
In you arms is where I'm happy, happy  
Underneath these lights  
So red, green, red, green

Touch on my skin, call me velvet  
Swirl in my love, it's so passionate

Sweet and cool  
Like a peppermint  
Hooked on you  
Like a candy cane

Red, green, red, green

Your gift, your gift, your gift  
Taste my love  
So good, it's heaven sent

Oh, sweet and cool  
Like a peppermint  
Hooked on you  
Like a candy cane  
Sweet and cool  
Like a peppermint  
Like a peppermint, ooh

Red, green, red, green  
You've been waiting to unwrap me, wrap me  
In you arms is where I'm happy, happy  
Underneath these lights so red, green, red, green

Red, green, red, green  
You've been waiting to unwrap me, wrap me  
In you arms is where I'm happy, happy  
Underneath these lights so red, green, red, green

Red, green, red, green  
Red, green, red, green  
Red, green, red, green
