

## All This Time

Tiffany

All this time  
I knew someday you'd need to find  
Something that you left behind  
Something I can't give you

All these tears  
And like a night love disappears  
But hearts are good for souvenirs  
And memories are forever

All this time  
All in all I've no regrets  
The sun still shines the sun still sets  
And the heart forgives the heart forgets  
But what will I do now with all this time

One more kiss  
Even though it's come to this  
I'll close my eyes and make a wish  
Hoping you remember

All this time  
All in all I've no regrets  
The sun still shines the sun still sets  
And the heart forgives the heart forgets  
But what will I do now with all this time

Say goodbye  
Apart we'll make another try  
But don't be sorry if you cry  
I'll be crying too  
On this day

All this time  
All in all I've no regrets  
The sun still shines the sun still sets  
And the heart forgives the heart forgets  
But what will I do now with all this time  
What will I do now with all this time
