

Angels

Tiffany

It's been a trying year
Hard to tell what's real
Holding onto all we know
Can't come fast enough
Christmas rescue us
Help us rise above the fears

There's an angel at the top of the tree
There's an angel at the top of the tree
There's an angel at the top of the tree
Watching over you and me

So much going on
But hope still carries
With every day that's here
Sunsets and early dawns
They keep me going on
It's one I need to feel

There's an angel at the top of the tree
There's an angel at the top of the tree
There's an angel at the top of the tree
Watching over you and me

I hope this time of year
Still makes us all feel near
The way it used to be
No matter where we are
There's angels all around
To comfort you and me

There's an angel at the top of the tree
There's an angel at the top of the tree
There's an angel at the top of the tree
Watching over you and me
You and me, oh-oh
Hey yeah, you and me
Oh-oh-oh, oh, angels

There's an angels at the top of the tree
There's an angels at the top of the tree
There's an angels at the top of the tree
Watching over you and me
Just you and me, yeah yeah, yeah yeah
You and me, oh-oh
Hey, hey, hey
