

Beautiful

Tiffany

Can't seem to get you off my mind
Can't seem to get you off my mind
Just wanna show you all the time
Can't seem to get you off my mind
Can't seem to get you off my mind
Just wanna hold you all the time

I wanna touch you yet 'cause you're beautiful
Wanna show you all the time
I wanna run away to somewhere beautiful
And kill away some time

Where lonely hearts are found
And all is wondered now
And only love is there
All is all somehow

Can't seem to get you off my mind
Can't seem to get you off my mind
Just wanna show you all the time
Can't seem to get you off my mind
Can't seem to get you off my mind
Just wanna hold you all the time

I wanna touch you yet 'cause you're beautiful
Wanna tell you all the time
I wanna hide away and be beautiful
And steal away some time

Where lonely hearts are found
And all is wondered now
And only love is there
And all is all somehow

Can't seem to get you off my mind
Can't seem to get you off my mind
Just wanna show you all the time
Can't seem to get you off my mind
Can't seem to get you off my mind
Just wanna hold you all the time

'Cause you're beautiful
You're so beautiful
Oh so beautiful
Oh, yeah

Can't seem to get you off my mind
Can't seem to get you off my mind
Just wanna show you all the time
Can't seem to get you off my mind
Can't seem to get you off my mind
Just wanna hold you all the time
