

Higher

Tiffany

Every now and then
I open up my eyes
Life is bigger than what's happening
It's just a moment moving in time

Don't try to fight it
Just let it go

Higher
Than you feel
Taking me higher than what's real

Dancing on fire
Was the girl I used to be
And I'm never ever ever gonna let it go
I'm just longing to be free

Don't try to keep me down
Just let me go

Higher
Than you feel
Taking me higher than what's real

(High...) Higher than you feel
(High...) Higher than you's feel
(High...) Higher

(So much higher than you feel)

Higher
Than you feel
Taking me higher than what's real
(So much higher)

Higher
Than you feel
Taking me higher than what's real
(So much higher)

Higher than you feel
So much higher
So much higher than you feel
So much higher than you feel, yeah...

Higher...

Higher than you feel, yeah...
So much higher...
