

Johnny's Got The Inside Moves

Tiffany

Somebody's got me looking for you
Somebody's got me looking for you
Somebody's got me looking for you
Who can it be

(Are you alone now)
I know she's with him
(Are you at home now)
I'd like to come in

Johnny's got the inside moves
Johnny's got the inside moves
Johnny's got the inside moves on me

Somebody's got me looking for you
Somebody's got me looking for you
Somebody's got me looking for you
Who can it be

(Are you alone now)
I know she's with him
(Are you at home now)
But I like to come in

Johnny's got the inside moves
Johnny's got the inside moves
Johnny's got the inside moves on me

No matter how hard I try
I can't get her out of your eye
I don't know what you see in her
Oh, whoa, oh, whoa

Johnny moved in on you
While I was away
But you better step back now, girl
And watch it!

(Are you alone now)
I know she's with him
(Are you at home now)
But I like to come in

Johnny's got the inside moves
(Oh, yes, he does)
Johnny's got the inside moves
(Oh-oh-oh...)
Johnny's got the inside moves
(Look out now, look out now)
Johnny's got the inside moves

Johnny's got the inside moves
(Johnny's got the inside moves)
Johnny's got the inside moves
(Look out, Johnny, look out)
Johnny's got the inside moves
(Ooh, let me tell you)

Johnny's got the inside moves
(Ah, yeah, yes he does)
Johnny's got the inside moves
