

Keep On Swinging

Tiffany

Woah, babe
My friends are gonna be here soon
So long
I've been looking for somewhere to dance

Where there's a will, there's a way
I work [?] 'cause at the end of the day

Who helped them sail

Hey, keep my head down
But I keep on swinging
Hey, keep my head down
But I keep on swinging
Hey, keep my head down
But I keep on swinging
Hey, keep my head down
But I keep on swinging

Somebody's counting my money
So much
That they can't see the top of the stack

Where there's a will, there's a way
[?] gonna find my head someday
When it knows, I look 'em back

Hey, keep my head down
But I keep on swinging
Hey, keep my head down
But I keep on swinging
Hey, keep my head down
But I keep on swinging
Hey, keep my head down
But I keep on swinging

Hey, keep my head down
But I keep on swinging
Hey, keep my head down
But I keep on swinging
Hey, keep my head down
But I keep on swinging
Hey, keep my head
But I keep on swinging

Hey, keep my head down
But I keep on swinging
Hey, keep my head down
But I keep on swinging
Hey, keep my head down
But I keep on swinging
Hey, keep my head down
But I keep on, swinging

Keep on, keep on, keep on, keep on
Keep on, swinging
