

Lost Inside

Tiffany

You only see what you wanna see 'cause it's good for you
You only see what you wanna see 'cause it's good for you

You only see what you wanna see 'cause it's good for you
Walking around and talking me down it's a thing for you
But I know that you're so low and you'll just don't stay
You been alone, been crawling the roads 'cause you lost your fa
me

And there's nowhere to hide
When you're lost inside
And there's no one to blame
Just another game

I always knew that we're not the same and you show it's true
You're only here for the LA game it fits the fake in you
Stop roping role, you are damn it sure and it's clear to me
You should know that I rule this show, you're never meant to be

And there's nowhere to hide
When you're lost inside
And there's no one to blame
Just another game

And there's nowhere to hide
When you're lost inside
And there's no one to blame
Just another game

And there's nowhere to hide
When you're lost inside
And there's no one to blame
Just another game
