

Pieces Of Me

Tiffany

Struggle makes you strong
One day I'll be gone
And it's not easy now
To question everything I've ever done
Scalin' through the sky
Thinkin' of my life
And in another world
I'll never know the girl that I'll become

And here I go chasin' the pieces of me
Spendin' all my time lovin' fool and thieves
And here I go chasin' the pieces of me
Runnin' out of time, I wish I knew how to begin
Eternally lost in the wind

From where we all begin
Is nothin' in the end
And all the souls inside
[?] shinin' light in the night

And here I go chasin' the pieces of me
Spendin' all my time lovin' fool and thieves
And here I go chasin' the pieces of me
Runnin' out of time, I wish I knew how to begin
Eternally lost in the wind

Here I go chasin' the pieces of me
Spendin' all my time lovin' fool and thieves
And here I go chasin' the pieces of me
Runnin' out of time, I wish I knew how to begin
Eternally lost in the wind
Eternally lost in the wind
