

Should've Been Me

Tiffany

There she goes with a smile on her face
Riding 'round after you
Going out to all those places
You used to take me to

Wearing your jacket like it was her own
I used to wear it so well
Why on earth did I let you go
If I hadn't I'd be with you still

Call it jealousy, call me a fool
But it's more than my eyes wanna see

And it should've been me
With you tonight
And it should've been me
There by your side
Seeing you both it's hard to believe
But it should've been me

Flashing that ring in everyone's face
The one I gave back last week
I wonder if your telling her things
You used to whisper to me

Saying sorry don't work anymore
'Cause it's more than my heart wants to feel

And it should've been me
With you tonight
And should've been me
There by your side
Seeing you both it's hard to believe
'Cause it should've been me

She looked so satisfied
So close to you that I
Can't help but wonder why
I said goodbye and I
Have tears upon my eyes

Look at her...

Call it jealousy, call me a fool
But it's more than my eyes want to see

And it should've been me
With you tonight
And it should've been me
There by your side
Seeing you both, it's hard to believe
'Cause it should've been me

Whoa, it should've been me
With you tonight
And it should've been me
There by your side

Seeing you both, it's hard to believe
'Cause it should've been me

Get back, Jo-Jo
