

Was It Good For You

Tiffany

It's a race against time
To catch up with my past
Love has a way
Of putting first things last

And the memories we saved
Are like nickles in a jar
That wont add up to something
That wont take you too far

But we held on to the feeling
As the starry world was falling
Still I never knew

Was it good for you being loved by me
Was it almost real or a fantasy
Was it good for you, I'd like to believe
For a time our love was true
I know it was good for me
Was it good for you?

I keep hearing echoes
Of laughter in this place
I'm walking down my past
Or the steps I can retrace

And how come I can't sleep
On your side of the bed
So hard letting go
Of some things left unsaid

And while our dreams were fading
Love was still worth making
And it's nothing I don't do

Was it good for you being loved by me
Was it almost real or a fantasy
Was it good for you, I'd like to believe
For a time our love was true
I know it was good for me
Was it good for...

You only wanted to love for today
I always wanted forever
Search for our dream
Somewhere in between
But we're too far apart
To be together

For a time our love was true
I know it was good for me
Was it good for you

Yeah, was it good for you?
Good for you... yeah... ooh yeah...
Was it good for you, hey...
Yeah yeah yeah yeah...

Good for you... hey yeah
Was it good for you?
