

## Love Don't Dance Here Anymore

Tiga

As the last record plays,  
As the last record fades,  
At the end of the night.

And it used to feel like home,  
But now I'm on my own,  
As they turn on the lights.

Love don't dance here anymore.  
No more magic on the floor,  
I've found a new place to go.  
Love don't dance here anymore.

And posters on the wall,  
From a time I had it all,  
But we don't play those songs anymore.

Needle in the groove,  
I used to love to watch you move,  
I know you like to watch me too.

Love don't dance here anymore.  
No more magic on the floor,  
I've found a new place to go.  
Love don't dance here anymore.
