

Devil That You Don't Know

Tiger Army

They say the devil that you know
Is better than the one you don't know
They say the devil that you know
Is better than the one you don't know
I am the devil that you don't know

The one true faith of rock 'n' roll
The devil's music shall control your soul
It is bestowed, and the fever grows
I am the devil that you don't know

They can't stop what they don't understand
But oh, how they'll try
Long ago I went beyond their command
I like it here just fine

They say the devil that you know
Is better than the one you don't know
They say the devil that you know
Is better than the one you don't know
I am the devil that you don't know

They say the devil that you know
Is better than the one you don't know
They say the devil that you know
Is better than the one you don't know
I am the devil that you don't know
