

Action City

Tigertailz

Action!
Action!
Action!

Do you wanna be the star
In a million dollar video
Or be the pin-up in a magazine
I'm gonna take you somewhere
Straight out of your dreamz

You don't need a whole lot of money, oh, no
'Cause just about anything goes
You're gonna see some action
You can be the star of the show
Tonight's the night you've been waiting for
Tonight, I know you'll be beggin' for more

Action city
Won't you take a chance
Won't you come with me
Action city
Won't you take a chance tonight
It's so easy
To make it through the night
When you're young and pretty
Action city
Stop your hesitating
Oh, it's all waiting for you

You've never been to a town like this before
So get ready for the time of your life
Non-stop action, 'c'mon and take a bite

Tonight's the night you've been waiting for
Tonight, I know you'll be beggin' for more

Action city

Won't you take a chance
Won't you come with me
Action city
Won't you take a chance tonight
It's so easy
To make it through the night
When you're young and pretty
Action city
Stop your hesitating
Oh, it's all waiting for you
Action!
Action!
Action!

Tonight's the night you've been waiting for
Tonight, I know you'll be beggin' for more

Action city
Won't you take a chance

Won't you come with me
Action city
Won't you take a chance tonight
It's so easy
To make it through the night
When you're young and pretty
Action city
Stop your hesitating
Oh, it's all waiting for you
C'mon!

Action city
Won't you
Hey, won't you come with me
Action city
Won't you take a chance tonight
It's so easy
To make it through the night
When you're young and pretty
Action city
Stop your hesitating
Oh, it's all waiting for you
