

# Shoot to Kill

Tigertailz

Dressed up and I'm ready to go, look out  
Ooh, got a fire and it's burning  
Getting ready to blow  
Yeah, my finger's on the trigger  
So get out of my way, little girl  
'Cause I'm gonna shoot you full of lovin'  
I don't care what you say

So just take me all the way  
You know it's not a game  
My sights are on you  
And I'm gonna take aim  
I am gonna shoot to kill, shoot to kill  
If you don't like it, your sister will  
I'm gonna shoot to kill, shoot to kill  
Better look out, baby, 'cause I fire at will

Well, I'm standing tall  
I'm on the top of the hill, yeah  
With those sirens in my head  
I'm moving in for my thrills now  
I got a burning in my heart  
And I don't know where to turn  
'Cause I know she's on fire  
She's getting ready to burn

Come on, take me all the way  
You know it's not a game

My sights are on you  
And I'm gonna take aim

I am gonna shoot to kill, shoot to kill  
If you don't like it, your sister will  
I'm gonna shoot to kill, shoot to kill  
Better look out, baby, 'cause I fire at will

Hey!  
I am gonna shoot to kill, gonna shoot to kill  
If you don't like it, You know your sister will  
I'm gonna shoot to kill, shoot to kill  
Better look out, baby, 'cause I'm comin' your way

Shoot to kill, I'm gonna shoot to kill  
If you don't like it, I know your sister will  
I'm gonna shoot to kill, shoot to kill  
Better look out, baby, 'cause I'm comin' for you

Shoot to kill, gonna shoot to kill  
If you don't like it, I know your sister will  
I'm gonna shoot to kill, shoot to kill  
Better look out, better look out  
You better look out, 'cause I fire at will!
