

Turn Me On

Tigertailz

Hit it, Ace!

Ooh, little girl with the red dress on
You look so good
You know it won't take too long
I can't wait to get my hands on you
I'm thinking of those dirty things we can do

I know it's lovin' that's on your mind
Well, I've seen you playin' 'round
You don't waste time
Come on over and we'll have some fun
Tonight is right and it's just begun
Turn me on, turn me on
I need your lovin' all night long
Turn me on, turn me on
You look so good, baby, you're the one

The party's goin' and the music's on
I look around and I see you on your own
I slide on over and I check my looks
Well, maybe now I'll get ya with my hooks

You're movin' closer and I make my way
Come on over and I'll make ya play
Gettin' ready and I'm feelin' good
You're saying yes like I knew you would

Turn me on, turn me on
I need your lovin' all night long

Turn me on, turn me on
You look so good, baby, you're the one

Turn me on, turn me on
I need your lovin' all night long
Turn me on, turn me on
You look so good, baby, you're the one for me

Oh, damn!
Oh, just one more time!
Give it to me!
Oh! Oh, one more time
Ow!

Turn me on, turn me on
I need your lovin' all night long
Turn me on, turn me on
You look so good, baby, you're the one

Let me in, won't you let me in
I need your lovin', woman, ooh...
Gotta know, gotta know
Touch me, squeeze me, sleaze me, baby!

Oh! Oh! Oh! Oh!
Oh! Oh! Oh! Oh! Oh...!

Turn me on, you turn me on
I need your lovin' all night long
Turn me on, turn me on
You look so good, baby, you're the one

Turn me on, you turn me on
I need your lovin' all night long
Turn me on, turn me on
You look so good, baby, you're the one
Turn me on!!!
