

# Rainbow Lover

Tiggs Da Author

Calm it, don't leave tears on my garments  
I was gonna wear that to the break-up after party  
Now we're partying cause of paranoia partly  
Our paintings of Picasso but a Picasso was like where's the art then  
So now this is ending where it started, Fuck it

Payback's a bitch  
I know you hate me cause I'm broke  
But when I get  
Money I swear you love me again, (mmmm)

I used to pay for your rent  
Now you don't want me around you  
Money I spent giving channels I swear  
Baby I bet you'll love me again

Brack-a Brack-a gun shot to all the gold diggers one time  
If you get me once then I ain't gonna let you get me two times  
Can't ever take a bad man for a sad man three times  
Oh no no no, Oh no, (ohhh)

Darling, you were my rainbow lover  
When it all pours down  
I saw your colours, (yeah)

Karma is real  
I see the fakeness around you  
You call them friends  
When they take your man you'll love me again (mmmm)

I hope he gives you a ring  
Just when you think that he's faithful  
A warm and a kiss  
With a baby that's his you'll love me again (mmmm)

Brack-a Brack-a gun shot to all the gold diggers one time  
If you get me once then I ain't gonna let you get me two times  
Can't ever take a bad man for a sad man three times  
Oh no no no, Oh no, (ohhh)

Darling, you were my rainbow lover  
When it all pours down  
I saw your colours, (yeah)

What am I thinking  
Cause you may be a better man, (ugh)  
Taught me a lesson  
No no no I won't fall, (ohh)

Darling, you were my rainbow lover  
When it all pours down  
I saw your colours

Ohhh  
Darling, you were my rainbow lover  
When it all pours down  
I saw your colours
