True story  
True story  
Came from the bottom, now money fallin'  
True story, put my all in  
Can't you see the way the blessings keep pourin'

Yay, yay, yay  
(Mhm yeah ouu)  
(Yeah ouu yeah ouu)  
Hey man let me talk to dem  
They don't wanna give me flowers  
So I gotta get the Cuban and rose  
Pray to the East, got goons in the North  
Cuzz  
Taught a nigga all the Do's and the Dont's  
My northwest killys move with a code  
Before my cousin got shipped out  
For a gyal you got dicked down

Keeping it grimmey  
In the barber shop, the saying is "Is it Tiggs or Highly?"  
"Hurry up with my shape up man!"  
It's like mida  
My hooks are like crack, it's like mida  
You smoke and you act like you don't know where the supply from  
My young boy ain't even got tv license  
Maybe that's why he's on the block tryna sky one  
(Rah, rah, rah)  
Man, why you want start wars when you ain't got finance  
(Fucking stupid)  
Let me tell you somethin'  
Tears can't feed you  
When I was starvin', I never cried one

True story  
True story  
Came from the bottom, now money fallin'  
True story, put my all in  
Can't you see the way the blessing keeps pourin'

Aight Tiggs I'm about to take the kids back to school in this [?] (yeah)  
Swear to you, this might be the realest thing I've ever said  
See I thought I was on my the way up when I made the first five figures  
Till I became a public one and then got six  
Now I'm only six away from seven  
You do the math's

True story

Came from the bottom, now money fallin'

Can't you see the way the blessings keep pourin'

Look at them they still over there still trying to do the math's  
I'm telling you there's no cappin' these scripts  
We really made it out the mud
