

Shoot Tequila

Tigirlily Gold

You've always been a whole lotta trouble
But it's the kind I like gettin' in
So we might as well make it a double
Yeah, you know how the two of us get
We're dancing on the bar, ain't a pretty sight
And I'ma blame you when you get us in a fight

I shoot tequila
Didn't wanna see you but I love the taste of you on my lips
'Cause after one or two I feel ya
Get me in the mood to move my shake-shake Shakira hips
I know I shouldn't do it, but I don't remember why
Such a bad influence but you're lookin' good tonight
I shoot tequila
You're good at what you do, tequila

And it goes like, one tequila, two tequila, three tequila, more
If I had a little sense, I would've stopped at four
'Stead of cursing your name on the bathroom floor
Swear to God I won't drink tequila no more

But mama didn't raise no quitter
Giddy up, line 'em up, knock 'em back
Por favor, can you pour a little quicker?
'Bout to cut a rug, call my ex, talk some trash
We'd be gettin' loco, everywhere we go-go
Is the problem you or me? I don't know

I shoot tequila
Didn't wanna see you but I love the taste of you on my lips
'Cause after one or two I feel ya
Get me in the mood to move my shake-shake Shakira hips
I know I shouldn't do it, but I don't remember why
Such a bad influence, but you're lookin' good tonight
I shoot tequila
You're good at what you do, tequila

And it goes like, one tequila, two tequila, three tequila, more
If I had a little sense I would've stopped at four
'Stead of cursing your name on the bathroom floor
Swear to God I won't drink tequila no more

I shoot tequila
I might as well shoot tequila
Yeah

I shoot tequila
Didn't wanna see you but I love the taste of you on my lips
'Cause after one or two I feel ya
Get me in the mood to move my shake-shake Shakira hips
I know I shouldn't do it, but I don't remember why
Such a bad influence, but you're lookin' good tonight
I shoot tequila
