Tigirlily Gold

I know you can't see past the misery
I know you can't think past what you're feeling
But you gotta stay strong, keep holding on, holding on
And when the darkness comes, you're not alone, not alone

I will be your soldier
I will be your shoulder
And I'll be there, I'll be there to break your fall
And I'll be there, I'll be there through it all
Just when you can't take another breath
Just step

It seems impossible to make it through the day
When you have to fake it all and smile through the pain
But you gotta stay strong, keep holding on, holding on
And when the darkness comes, you're not alone, not alone

I will be your soldier
I will be your shoulder
And I'll be there, I'll be there to break your fall
And I'll be there, I'll be there through it all
Just when you can't take another breath
Just step

I know it's hard at the end of the day
You want to throw it all away
But I need you see
Just what you mean
What you mean to me

I will be your soldier
I will be your shoulder
And I'll be there, I'll be there to break your fall
And I'll be there, I'll be there through it all
Just when you can't take another breath
Just when you can't take another breath
Just step

I'll be your soldier, I'll be your shoulder
I'll be your soldier, I'll be your shoulder
