

## Another's Hand

Tiles

Bullets split the air  
Sounds of destruction and despair  
Break the silence - sense the fear  
No place to run, no shouts to hear

Creep through the silence  
Crouched on his knees  
Lurk in the corners  
Fault what he sees  
Lost in the timeless  
Age of vengeance past  
Force justice blindly  
Another's hand is cast

Signs of life are gone  
No trace of fate to linger on  
Lost perspective - hopeless rage  
Live for the thrill of a war engaged

Creep through the silence  
Crouched on his knees  
Lurk in the corners  
Fault what he sees  
Lost in the timeless  
Age of vengeance past  
Force justice blindly  
Another's hand is cast

Creep through the silence  
Crouched on his knees  
Lurk in the corners  
Fault what he sees  
Lost in the timeless  
Age of vengeance past  
Force justice blindly  
Another's hand is cast
