

# Is Anarchy A Good Hobby?

Tilian

The tables turn  
Have you atoned?  
Are you still alone?  
The tables turn  
The damage done  
Was in good fun  
When did you get so cold  
Did trauma make you bold  
Or did it suck the soul from your body?  
Is anarchy a good hobby?  
Control, when did you lose control?  
Desolate for the glory  
Far too late, but I'm sorry

Change my pace  
Switch my mind off  
Thoughts erased  
Alchemy engage

I'm feeling familiar  
I'm back in my lane  
The chemical filter  
Is keeping my head in the game  
I'm never remorseful  
I'm never ashamed  
Revision advancing  
Don't even remember your name

Invincible  
To all blame  
Alchemy engage

I don't need to answer  
I've broken the chain  
I'm burning your ransom  
I think I'm in love with the pain  
I'm feeling familiar  
I'm back in my lane  
The chemical filter  
Is keeping my head in the game  
I'm never remorseful  
I'm never ashamed  
Revision advancing  
Don't even remember your name  
Don't even remember your name  
Don't even remember your name  
Don't even remember your name  
Don't even remember your name
