

Right Side

Tilian

Give me something new
To unwind and ease the pressure
Open up the room
Now I'm alive inside my bones
What am I to do?
'Cause I am craving your attention
Tell me that it's true
That you need me like I need you

Help me I can feel my ego
Pulsing in my stomach I need you
To open up your heart and let me in
And I can feel the fever
Burnin' in my body like ether
Feet above the ground I'm hovering

Get up, get up, can't help it falling down
'Cause I'm riding the fault line
I'm gone, so gone
Doesn't matter what happens now
I'm waking up on the right side

I've never felt this before
The room is spinning as I lead you back and forth
Whisper in my ear tell more
The way your lips are quivering
I believe your empty (every) words

Help me I can feel my ego
Pulsing in my stomach I need you
To open up your heart and let me in
And I can feel the fever
Burnin' in my body like ether
Feet above the ground I'm hovering

Get up, get up, can't help it, falling down
'Cause I'm riding the fault line
I'm gone, so gone
Doesn't matter what happens now
I'm waking up on the right side

Tonight I'll pretend your all mine
Don't wanna waste our precious time
Stuck to the bottom
And you can save me from the beating of a dull life
And we can open up the ceiling if it's all right
I don't know about you, but I feel like I could fly tonight, tonight

Get up, get up, can't help it, falling down
'Cause I'm riding the fault line
I'm gone, so gone
Doesn't matter what happens now
I'm waking up on the right side

Get up, get up, can't help it, falling down
'Cause I'm riding the fault line
I'm gone, so gone

Doesn't matter what happens now
I'm waking up on the right side
