

# Knockin

Tim Atlas

Yeah our synergy keeps it knockin  
Yeah our synergy keeps it knockin  
Yeah our synergy keeps it knockin  
Yeah our synergy

Between my palms  
Like an answered prayer  
Slipping me an angel stare  
Covering my past with a bruise  
Feel something new for a night

Frequency's not something I would buy  
Charge it to my piece of mind  
Slipping secrets hooked me by surprise  
Just like that

Our synergy keeps it knockin  
Yeah our synergy keeps it knockin  
Yeah our synergy

I got two ways for my Tuesdays to go down  
And both ways always end with us cuffin  
Are you awake is it too late to come out?

Frequency's not something I would buy  
Charge it to my piece of mind  
Slipping secrets hooked me by surprise  
Just like that

Our synergy keeps it knockin  
Yeah our synergy keeps it knockin  
Yeah our synergy

Frequency's not something I would buy  
Charge it to my piece of mind  
Slipping secrets hooked me by surprise  
Just like that

Yeah our synergy keeps it knockin  
Yeah our synergy
