

## Lyla

Tim Atlas

It's a little crazy that  
My heart starts being twice as fast  
Slow motion in my crazy head  
Eventually speeds up again

You turn my pages over again  
You stay until the very end  
Can't wait to see what happens next, next  
Lyla, Lyla, Lyla

It's a little crazy that  
All her passion outweighed sass  
Who knew that you would be the key  
To open doors that set her free

You turn my pages over again  
You stay until the very end  
Can't wait to see what happens next, next  
Lyla, Lyla, Lyla

If love can make us move, I'm runnin 'cause of you

You turn my pages over again  
You stay until the very end  
Can't wait to see what happens next, next  
Lyla, Lyla, Lyla
