

## Are We One Or Are We Two

Tim Finn

Are we one or are we two?  
Do you promise to be true?  
Tell me what do you wanna do?  
Are we one or are we two?

When I hold you in my hands  
The whole world moved at my command  
Satisfy my aching soul  
Maybe two halves make a whole

We've only just met  
But it feels like I've known you for years  
Can I become part of your affairs?  
See myself in the reflection of your eyes

When I asked you late last night  
Blood ran cold and the moon shone bright  
Well, it felt just like a teenage fright  
I really wanted to know

This cake hasn't set yet  
It needs a warm shot of your tenderness  
There's only one thing I'd live to regret  
See myself in the reflection of your eyes
