

Best Fun Time For Ages

Tim Finn

I was invited to dinner
At the writer's house last night
Best fun time for ages
With some mutual friends
And a daughter who was shy
Best fun time for ages
Through a heated discussion
She played Chopin and cello
Best fun time for ages
On gender identity
A heated discussion
Best fun time for ages

It was the best fun time
The best fun time
The best fun time for ages

They spoke about FOMO
And dopamine triggers
It was the best fun time for ages
A BBC programme
Full of facts and figures
The best fun time for ages

The best fun time
The best fun time
The best fun time for ages

And the melancholy women
Said their goodbyes
With their remarkable children
Tears in their eyes
One was off to London
To build a career
The other's building a house
For a brand-new atmosphere
She says the solar-powered heat will buy
The best fun time for ages

I skimmed a few poems
Before I went to bed
Best fun time for ages
An unanswerable question
Running round in my head
It was the best fun time for ages

It was the best fun time
The best fun time
The best fun time for ages
The best fun time
The best fun time
The best fun time for ages

Why aren't we doing it more often
Why aren't we doing it more often
Why aren't we doing it more often
Why aren't we doing it more often

Why isn't she doing it more often
Why isn't he doing it more often
Why aren't they doing it more often

If you gotta go
Don't forget it
If you gotta go
Don't regret it
You had the best fun time
The best fun time for ages
It was the very last thing
The very last thing you expected
You can write your own history
Of feeling rejected
Remember the best fun time
The best fun time for ages
