

Caught by the Heart

Tim Finn

Caught by the heart
There's no getting over it
Now you're not so smart
Roll with it, flow with it
Try to make a go of it
You knew from the start

(You were) caught by the heart
No getting away from it
When it hits you hard
Strangely compelled by it
Your attention held by it
There's no telling why

(Now you're not so smart)
You've been caught by the heart
(Now you're not so smart)
You've been caught by the heart

(You were) caught by the heart
There's no getting over it
When it hits you hard

It's right off the charts
There's no use pretending
When you're caught by the heart

I'm all yours, every time
I'm all yours, I'm caught by the heart
I'm all yours, every time
I'm all yours, I'm caught by the heart
I'm all yours, every time
I'm all yours, I'm caught by the heart
