Drive

Tim Finn

I know it's late now I know I
Ought to go
Ride in your car now
But please don't drop me home
My head's so heavy
Could
This be all a dream
Promise me
Maybes and say things
You don't mean
Rain fall from concrete colored skies
No boy don't speak now
You just drive
Drive
Drive
Take me through make me feel alive
Alive
When I ride with you
Keep my heart turning on
Axles around you
Keep our love burning just
Like it used to do
Now just for us
They could
Play our favourite tune
Let's not discuss
All these
Things we can't undo
Let rain fall from concrete coloured skies
No boy don't speak now
You just drive
Drive
Drive
Speed me through
Make me feel alive
Alive
When I ride with you
Rain fall from concrete coloured skies
No boy don't speak now
You just drive
