

More Fool Me

Tim Finn

Hiding in the wings forever
We couldn't keep our band together
You and I we're always gonna blow it

But somehow we lost everything
I don't want it back again
'Cause I found out a friendship can stop growing

You are the one that changed my heart
Was it just another fantasy?
I still don't believe this is how it had to be
More fool me
More fool me

We used to understand each other
As close as anyone could get
I don't know what it is that we kept from showing

We built it up just to break it down
Our dreams were too big for this town
Now I don't know what it is that keeps you going

You are the one who changed my heart
Was it just another fantasy?
I still don't believe this is how it had to be
More fool me
More fool me

It's not all bouquets and white crayons
So you walked away but I stayed on
Yeah, I played on

I remember the words you said to me
Hanging there like a prophecy
How did you know this is how it was gonna be?

You are the one that changed my heart
Was it just another fantasy?
I still don't believe this is how it had to be
More fool me
More fool me
