

# Say It Is So

Tim Finn

You're making me feel  
You're making me think  
The way people feel  
When they're on the brink

If what we're becoming (ah)  
It fills me with hope (ah)  
What we're becoming

You're making me real  
I'd spin down the street  
There's light at my heels  
And rain at my feet

And what we're becoming (ah)  
It fills me with hope (ah)  
What we're becoming  
Say it is so

Say it is so  
I've got to know  
Say it is so  
Please, let me know  
Say it is so  
I got to know

You're making me fly  
So high on the wing  
Somebody knows why  
The Earth lost its cling

And what we're becoming (ah)  
It fills me with hope (ah)  
And what we're becoming  
Say it is so

(Say it is so)  
Yeah, let me know it  
(Say it is so)  
Please, let me know  
(Say it is so)  
Oh, I wanna know  
(Say it is so)  
Right now, not tomorrow

(Say it is so)  
Yeah, let me know it  
(Say it is so)  
Please, let me know  
(Say it is so)  
Right now, not tomorrow  
(Say it is so)  
Come on, let's go

Woo-woo
