

The View Is Worth the Climb

Tim Finn

Leave it alone
Leave it alone
You burn the whole thing down
All on your own
There's something glowing in the ashes
And I know nothing lasts forever
But it feels like when we're together

Holding on
Holding on
Cos I knew it was gonna take time
But it's true you were meant to be mine
And the view is worth the climb

Why should we fight or endeavour to fail
When we have come so far blazing a trail
Show me you're beautiful & crazy
Cos I know nothing lasts forever
But it feels like when we're together

Holding on
Yeah I knew it was gonna take time
But it's true you were meant to be mine
And the view is worth the climb

Live a lie
Don't really know what's going on
Slip and slide with no one to rely upon
Holding on
Holding on

& the view is worth the climb
Yeah I knew it was gonna take time
But it's true you were meant to be mine
& the view is worth the climb
Yeah the view is worth the climb

Ooh
Hmm
Ooh
Holding on
Ooh
Ooh
The view is worth the climb.
