

This World

Tim Finn

Tonight the moon shines through my window
Tonight the moon is stroking through my hair
She's telling me to go out wandering
She's telling me to go take a risk

But tonight I'm holding on to this world
Holding on to this world
No, I won't play hit and miss
Moon, go, tease another girl
Tonight I'm holding on to this world
I'm holding on to this world

Moon, go, tease another girl

Tonight the moon shines through my window
Tonight the moon is, the moon is stroking through my hair
She's telling me to go out wandering
She's telling me to go, take a risk

But tonight I'm holding
Yeah, I'm holding on to this world
Tonight I won't play hit and miss
Moon, go and tease another girl
Tonight I'm holding on, holding on
Holding on to this world
